

Looking to get on the Housing Ladder?

Many people do not realise that it is not essential to be a first time buyer to buy a Shared Ownership Property; we have sold many to people from all walks of life including first time buyers, those who have previously owned a property but are now unable to buy without assistance, for example in the case of relationship breakdown, or families who are over-crowded in their existing home. Shared Ownership (New Build HomeBuy) offers a low cost option to help you buy a new home and becomes more affordable as the option offers homes for sale on a part buy/part rent basis.

We are able to help people to determine if they qualify for one and can guide them through the simple application process.
